

Pottery Assortments

Pottery Assortments are collections of our best-selling pottery shapes and glazes from China, Malaysia and Vietnam. Each one represents a nice mix of basic pottery. These assortments are packed as half pallets and consist of minimal quantities of a variety of shapes. Most assortments feature a single color, making it easy to “color block” your pottery displays.

Once you have the basics covered with these assortments, you can add Pottery Open Stock to offer your customers more choices in shapes and glazes.
